

Creatively Together®

by Dr Elaine Hickmott | Talent Development Specialist | Career Mentor

In a changing global climate working more effectively and creatively together brings personal and commercial rewards. With a background in product and business development, Creatively Together® is inspired by my real-life experiences of innovation and team-working.

A series of learning experiences designed to help...

- ★ multi-functional and multidisciplinary teams develop and apply creative, innovative and collaborative skills; increasing engagement and impact
- ★ businesses look beyond the status quo and enable people to work more effectively and more creatively; delivering value and progress

Delivered as a Masterclass or Workshop

Following a session, participants will...

- Be able to innovate and collaborate more effectively
- Have practical tools for boosting creative thinking and aiding teamwork
- Be able to apply and inspire a more creative approach
- Gain insights into the far-reaching importance of creativity
- Have invested in creative thinking and collaborative skills

Designed for 8 to 20 participants

Approx duration: Masterclass - 2 hours | Workshop - 4.5 hours

Bespoke Sessions

Using the Creatively Together® approach, teams learn and apply the specially selected tools and techniques to work on and/or identify business / team challenges.

Examples of bespoke sessions include..

- multi-stakeholder strategy development
- team-building prior to 5-year planning
- investing in multinational business partners

"Elaine was my first choice for the design and delivery of a creativity workshop. I wanted something impactful and different and know Elaine's results-driven approach and fresh perspective complements our own philosophy for training and skills development".
